

Skyfol[®]
Film Solutions

VisionGuard
windshield film

Unlike regular polyester based windshield protection films, **Skyfol VisionGuard** is super easy to install. You do not need heat gun and lengthy heat shrinking procedures, just stretch onto the surface like a paint protection film and install in just minutes. Skyfol VisionGuard has a PPF-like structure, enabling outstanding protection against rock chips and other mechanical impacts. Unlike many other TPU based films, Skyfol VisionGuard offers crystal clear vision due to the special structure and premium grade adhesives used in the film construction. It comes with a self healing coating.

**Easy heat-free
installation**

PPF like structure

Crystal clear

Self healing

Hydrophobic

Distorsion free

RAW MATERIAL:

Skyfol VisionGuard is a biodegradable, polyester-based aliphatic thermo polyurethane film. As it is resistant to orange peel, yellowing and UV, it is widely used for the exterior surface protection of vehicles.

STRUCTURE OF THE FILM:

Skyfol®
Film Solutions

VisionGuard
windshield film

TECHNICAL FEATURES:

Thickness of the film (without cap sheet)	125 µm
Gloss value	> 90 GU
Adhesion ASTM D3330	700-1000 gf/inch
Stretch	20-21 N
Adhesive	Repositionable, non-yellowing, crystal-clear acrylic adhesive.
Resistance	The film is resistant to general-use automotive fuels.
Shelf life	1 year, stored optimally at 22°C and with relative humidity 50%.

TECHNICAL SPECIFICATIONS:

technical data, recommendations, and other statements contained in this document are based on tests and experimental data that we believe to be reliable but whose accuracy and completeness are not guaranteed.

PRODUCT USE:

in actual use, many of the factors beyond the control of Skyfol can affect the performance of the product. Due to the diversity of factors affecting product performance, it is entirely the responsibility of the user to make sure that the film is suitable for the actual use.

LIMITATION OF LIABILITY:

with the exception of statutory prohibitions, Skyfol shall not be held liable for any direct, indirect, special or incidental loss or damage related to the Skyfol product, regardless of any legal, statutory (warranty, contract), negligence or objective liability.

WARRANTY

The installer assumes a 1-year warranty on the installation. The warranty period begins on the date of the invoice issued for the installation. The warranty applies only if installation is carried out on the original factory paintwork. The warranty is non-transferable and applies only to the original customer.

The warranty concerns surface cracks, bubbling, adhesive failure and delamination.

In case of problems due to material defects, Skyfol undertakes to replace the material, while the installer covers the cost of changing the film. The value of the claim shall not exceed the gross purchase price indicated on the invoice for the sale of the product. The warranty does not cover damage caused by improper use, accidents and normal wear and tear of the product, neither dents caused by stones and road debris.

The protection film can be ordered from official Skyfol distributors published at www.skyfol.com. Always consult the relevant Skyfol representatives who will inform you about roll sizes, minimum order quantities, prices and other business terms.
