

C-COAT[®]

by *Skyfol*[®]

PROFESSIONAL CAR CARE FOR VEHICLES WITH PPF

Discover our **premium car care products**, specifically **designed for the home maintenance of vehicles with paint protection film**. Each of our products can be safely **used on paint protection films**, and their use **enhances the film's shine, durability, and longevity**. With C-Coat products, the result is always immaculate, making home car care easier than ever before.

C-COAT PREWASH

A mildly alkaline **pre-wash shampoo concentrate with exceptional cleaning power**. It effectively loosens dirt and contaminants without harming the paint, film, or previously applied ceramic coatings.

C-COAT GRAPHENE SHAMPOO

An extremely powerful, graphene-enriched **concentrate recommended for use after pre-washing**. Thanks to its graphene content, it **forms a highly resistant hydrophobic layer**, providing extra protection to the paint and filmed surfaces.

C-COAT JET WET COAT

An easy-to-use **concentrate**. Spray it directly onto the wet car after washing, then rinse off. It **enhances the body's shine**, creates a dirt-repellent, **hydrophobic protective layer** that can last up to three months after application.

C-COAT APC

An effective and **versatile cleaner** for car care, suitable for both **interior and exterior surfaces**. It can be applied to **metal, plastic, dashboard elements, leather, rubber, and even textiles**.

C-COAT IRON

A pH-neutral iron remover that **quickly dissolves** and removes **metallic particle contaminants, rust, and deposits** from the paint, rims, and chrome surfaces.

C-COAT BUG OFF

An essential bug remover that **effortlessly dissolves organic contaminants, including bird droppings**. Spray it on the affected area, let it sit for 5 minutes, then wash it off with pre-wash shampoo. It can be safely used on paint, car wraps, and paint protection films.

C-COAT WASH MITT

A wearable washing glove that won't harm the paint, film, or ceramic coating. It's easy to clean and extremely durable.

C-COAT DRYING TOWEL

An extremely efficient absorbent towel that quickly and streak-free dries your car. It's easy to clean and very durable.

C-COAT GLASS TOWEL

A **water-repellent towel** designed specifically for streak-free shine on car windows. It's safe to use and **won't scratch the surface**. It's also easy to clean and exceptionally durable.

C-COAT WIPER RED/BLACK

High-quality, **universally applicable microfiber wiping cloth** for both interior and exterior use. It features short and long bristles on each side and is machine washable with a neutral detergent.

C-COAT WHEEL WOOLIES

A multifunctional **wheel and rim cleaning brush set with woolen heads in three different sizes** to ensure thorough removal of all contaminants.

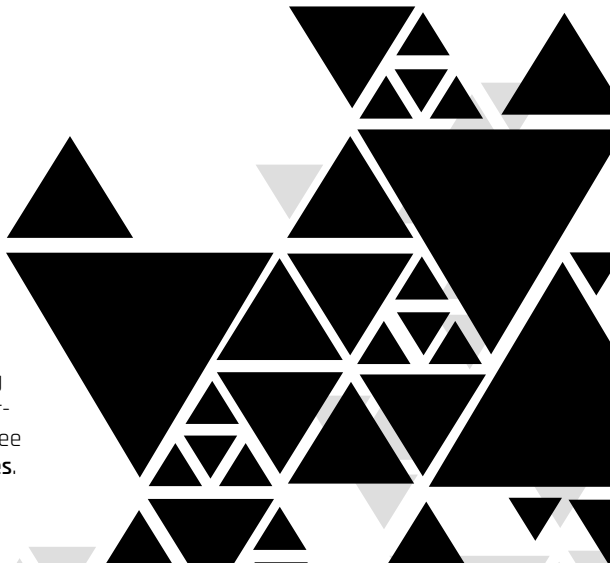

C-COAT BRUSH

A car care **brush set for both exterior and interior use**. An essential tool for thorough cleaning, even on sensitive surfaces.

C-COAT AREA DETAIL BRUSH

Recommended for efficient and quick cleaning of larger surfaces. It has an ergonomic, rubberized handle, **extra soft bristles**, and a metal-free structure, making it **safe for use on all surfaces**. It comes with a drying and storage stand.

WHAT CAN YOU DO TO MAKE YOUR PPF MORE DURABLE?

Ask for our latest C-COAT ceramic coating from our authorized partners.

C-COAT ceramic coating:

- **Enhances the performance and durability of the film**
- **Elevates the surface shine and texture of your car**
- **Provides exceptional ease of cleaning** due to its extreme water-repellent properties
- **Prevents corrosive contaminants from discoloring the film**
